THRASHING IN THE SCHOOLS.

Corporal punishment is now comparitively rare in the schools of this country. Twenty years ago the state of things was very different. How the boys used to catch it then! Sometimes the master would thrash the whole school. It used to be common to whip a school boy for stupidity, for a defective memory, for slowness of apprehension and for a thousand trivial faults or failings. Of late years the opinion has prevailed that the rod should never be employed in the school room except for most flagrant acts of disobedience or insubordination.

The work of a Boston committee this year has brought this subject prominently before the public. That city appointed a committee last April to investigate and report upon corporal punishment in schools. The committee found that the pupils had been "catching it" pretty well, the number of "chastisements" averaging 1,239 per month for the past school year. At the opening of the present year the rod seemed to have fallen into decay, the number of punishments averaging only 766 per month for the first quarter.

The committee have recently submitted a majority and a minority report. The majority report favors the abolition of corporal punishment in all departments of the public schools except the grammar school, and recommend that there it should be confined to boys. In support of this recommendation the report cites the example of Prussia, France, Austria and Holland.

The minority report recommends the rod in primary and high schools as well as in the grammar schools, and does not favor the exemption of girls from punishment.

This question of corporal punishment is one in which interest decreases with age. Each of us can remember occasions when it had for him a vital importance, an interest so vast as to overshadow all other questions. As boys we all favored the total abolition of licking in the schools. We were such thorough-going reformers then that we did not stop there. We would have banished the rod from home as well as from school. How earnestly, as boys, we all believed in the government of love! But those early radical notions became largely modified with time. When the rod ceased to have any terrors for ourselves we began to think its occasional a pplication an excellent thing for the juniors. Age makes people conservative.

There are serious aspects to this question of whipping in the public schools. Injudicious beating has ruined the temper and disposition of many a child. It has given the world many broken-spirited men and women. It has hardened thousands of hearts. But while the average boy remains what he is, occasions will arise when a moderate flagellation would be decidedly beneficial. The injudicious hooker from school should certainly be castigated on his return. As to whipping girls, that is another question. Girls certainly deserve to be whipped sometimes, but the masculine nature rather revolts at the thought of beating them. Punish them some other way. Make them sit with the boys.

The Boston committee make a recommendation which should be put in force in every school room in the land. It is that the rod should be applied solely by the principal of the school, and that no beating should be administered until the next session following that in which the offence was committed. Thus, if a pupil does anything in the morning requiring punishment, he should not be punished until the afternoon. The operation of this rule would prevent hasty punishments, which are often injudicious.

A DEMOCRATIC SENATE.

In the present Senate the Republicans have 33 of the 76 votes. They lose Senator Bruce of Mississippi and Sharon of Nevada. They gain one each from Indiana, Onio, Pennsylvania, New York and Connecticut. Should they gain one from Tennessee, they will have 37 votes, one short of a tie.

A large number of emigrant wagons passed through Boise City, Idaho, the past season. The toll-keeper at the bridge at that place crossed about 175 wagons, and a like number crossed the bridge ten miles above. Many trains have also passed down the south side of Snake river.

EDITORIAL NOTES.

The San Francisco *Stock Report* avers that the small-pox spread in that city from Chinese wash houses. It says that Chinamen sick with the disease have a mortal horror of the pest house, and driven from their usual abodes find refuge in the laundries kept by their country en The *Stock Report*, in proof of this, instances the fact that a large majority of white small-pox patients in San Francisco are women, who are the principal patrons of the Chinese laundries.

J. W. Simonton, the agent of the Associated Press, is unwilling to be deprived of that honor which prophets proverbially never receive in their own country. Accordingly he telegraphs to the press of this coast, directing attention to the accuracy of his predictions respecting the Presidential election. If Simonton's infallibility had been discovered in time, the country might have been saved the expense of an election, by leaving the decision in his hands.

"Was there a glacial man in America?" is a question that interests the scientists. This is perhaps doubtful, but it is definitely known that there always will be a glacial man in America while Charles Francis Adams continues to live in the country.

Storey county gave 405 majority for Hancock, 382 for Cassidy, and 1,102 for Belknap. The Democratic Assembly ticket was elected by a majority of 1,589, taking for comparison the highest vote received on each ticket.

To-day's *Enterprise* contradicts the report that John Skae died of small-pox yesterday. Col. Fair last evening received a dispatch stating that Skae was getting along finely.

The publication of the *Free Lance* has been resumed, at Grass Valley. The establishment was removed from Nevada City.

The Democrats who were so thick in the woods of Indiana must have remained in the shelter of the timber last Tuesday.

California remains in doubt. It may require the official returns to decide the election. Virginia is claimed by hopeful Republicans.

The *Enterprise* this morning reports a case of small-pox in the Chinese quarter of Virginia.

Not a vote for Chinese Immigration was polled in Humboldt county.

Modoc county gives a good majority for Garfield.

Railway Statistics.

There are now some eighty-five thousand miles of railroad in the United States operated by some six hundred companies. There are over twenty thousand stations. On these lines are eighteen thousand locomotives, thirteen thousand passenger cars, five thousand baggage, mail and express cars, and some five hundred thousand freight cars. No reliable statistics show the number of men employed on this eighty-five thousand miles of road, but it is estimated that there are about forty thousand engineers and firemen, twenty thousand conductors and brakemen, about the same number of baggage, mail and express men, and at least fifty thousand men on freight trains. Add station agents and clerks, train dispatchers, telegraph operators, yardmen, road-masters, trackmen, watchmen, flagmen, freight laborers, machinists, carbuilders and repairers, employees in round-houses and shops, and last but not least, presidents, general managers, superintendents, and auditor's department, treasurer's department, general ticket agent and freight department, etc., and we have almost a million men employed in the railroad business of the United States. Add to this the men employed in the manufacture of railroad supplies, in car and locomotive works, in rolling mills, in cutting ties, etc., and perhaps we could bring the number of men who derive their living from railroads in our country alone to nearly two millions.

A Nice Kind of a Man.

George Wheeler, the San Francisco murderer of his sister-in-law, who said that she submitted willingly to being choked to death, maintains a wonderful composure. His wife visited him in prison, and he offered to kiss her, but she repelled him, exclaiming, "Oh, you villain!" He asked her what she had come for, if not to be friendly. "I want you to tell me the truth," she replied: "how did you kill her? Don't deceive me now. Tell me just how you did it." "Do you want to know?" he asked carelessly. "Yes; I want you to tell me before God just how you did it." "Oh, I'll tell you. Just hold my hat a moment, will you?" said he to a by-stander, as he stretched his left hand toward the tearful wife. She instinctively drew back. "Don't be scared," said he, "I won't hurt you. This is how I did it;" and he placed his left hand on her mouth and grasped her throat with his right. In a moment he released her, and she asked, "Didn't she struggle?" "Oh, yes; of course she kicked a little; but she had made up her mind to die."

JOTTINGS.

—Utah is assessed $3 a share.

—Real Del Monte is assessed 25 cents.

—The assessment is delinquent on Yellow Jacket.

—The Reform Club entertainment this evening will conclude with dancing.

—The evidence is all in in the Lake case, and the case will be argued next Tuesday. Judge King will hold Court in Carson on Monday.

— If the gentleman who called at this office the other day to subscribe for the Weekly *Chronicle* will send his address he will oblige. It has been lost.

—Bids for the new school house will be received by the school trustees on Wednesday evening at McFarlin's shop. Plans and specifications will be furnished by J. L. McFarlin.

—It seems to any one looking into the windows of the White House that the stock of goods it contains is better suited to a city than a small town. The establishment keeps fine goods but finds a good sale for them. Abrahams Bros. understand the market.

—R. P. M. Kelley's team ran away this morning on West street. Mrs. Richardson's little girl was seated on the wagon at the time. After crossing the bridge near the school house the horses made a sudden turn, upsetting the vehicle. The child was not injured.

The Sunday schools of both bodies will be held at their accustomed time and places.

The Wardenship.

There is likely to be a goodly number of candidates in the field for the office of Warden of the State Prison. J. E. Jones, of Reno, has already been named. The Gazette is informed that W. Garrard, also of Reno, is a candidate for the position. Other counties will no doubt furnish additional applicants for the prize. The post is filled by the vote of the Legislature on joint ballot.

Trouble in Tuscarora.

Says the *Times-Review* of the 4th inst: We understand that there is a movement on foot to throw out Tuscarora Precinct on account of informality in holding the polls at another place than that designated by the County Commissioners and because two of the officers of election were candidates for School Trustees. If this precinct should be ruled out (which we by no means believe) it would result in increasing the Democratic Electoral vote in the State by twenty-one votes, and defeat Kingston, Campbell and Honeyman, Republican candidates for District Attorney and Commissioners, who, as the vote now stands, are undoubtedly elected. The throwing out of Tuscarora Precinct would not affect any of the Democratic nominees who are elected with the vote of this place.

Items From the Truckee "Republican."

Boca has given a good Republican majority.

There were 305 votes polled in Truckee Tuesday.

"Shingles and things" received forty-one votes for Justice of the Peace.

The Banner mill has shut down for the season, and the Boca mill will do the same in about two weeks.

J. G. Lemmon, the botanist, has derived much benefit from a long pedestrian excursion in Arizona. The Prof. passed through Truckee Thursday, for Sierra valley, where he intends remaining a few days only, after which he will move his mother to Oakland. He has collected some valuable plants lately, and is on the road to success.

BY TELEGRAPH.

The New York Times on Rosecrans.

New York, Nov. 3.

The *Times* has a column editorial on California and Nevada. It says: In all forecasts of the Presidential canvass of 1880 prepared by Republicans, California and Nevada have been classed as "doubtful." Knowing that this was a just view of the case, the Democrats who relied on carrying one or two larger northern States concocted the so-called "Chinese letter." To a certain extent this delusion has effected the desired result in the first Congressional District, in which General Rosecrans has been elected over Davis. But "Old Rosy," as his familiar friends call him, is personally popular, and the Democrats were wise in putting him forward as their candidate. Unless Rosecrans becomes a different man he will make them very sorry before his term of office expires that they have sent him to Congress. A more erratic, wilful and cranky man does not anywhere exist. He will vote as he pleases when in Congress, regardless of party obligations and party necessities, as though he had never known what political organization is. Rosecrans is an honest man, but is an impractical theorist—a dreamer.

Around the World.

Chicago, Nov. 3.

Cyrus W. Field arrived in this city yesterday afternoon. In reply to a question as to the particulars of his intended trip around the world, Field said: We left New York early yesterday and arrived here this afternoon. We shall travel in a special from New York to San Francisco. To-night we leave Chicago, stopping one day at Denver and another at Salt Lake, sailing from San Francisco on the 18th. We shall visit Japan, China, India and other places we may desire to see at the time. Thence we shall complete the circuit of the globe.

Will you be considering plans for another cable this time across the Pacific?

Oh, no. Yet such a cable would materially increase our commerce with China, Japan and India. It would complete the circuit of the globe and give us commercial communication with both countries. We cannot now communicate with the Sandwich Islands, and our telegraphic connection with the Orient is now through Europe. It ought to be direct. As it is now, however, all important points are in direct communication with New York by wires.

At Loggerheads.

New York, Nov. 5.

Both factions of the Democracy, both here and in Brooklyn, are abusing each other heartily over the result of the election. Each accuses the other of treachery and incompetency, and the quarrel bids fair to create a wider breach between the factions than already exists.

The *World* says: The responsibility for the Democratic defeat is placed by the Democrats of the country at large upon the shoulders of the Democrats of New York. We regard this responsibility as beyond doubt rightly placed. The Democrats of this city know now that they cannot possibly lose anything by refusing absolutely to follow any longer blind leaders whom they have hitherto followed, or to make the votes of honest men the stakes of desperate political gamblers or the sole support of politicians who cannot be taught to know a brick wall when they see it.

The "Herald's" Advice to Democrats.

New York, Nov. 5.

The *Herald* advises the Democratic wagon, which is mired, to unload, commencing with Kelly, Barnum and Senator Randolph. Finally the *Herald* says: The Democrats ought to get rid of the people who imagine they can carry an election by the invention of Chinese letters. When Hancock wrote Senator Randolph his notion about the tariff the public, which is not an ass, began to laugh at poor Hancock; but when Barnum, Hewitt and other famous Democrats clutched at the miserable Chinese letter business as their one hope of salvation, the public laughed at the Democratic leaders. It is a bad thing for a party when its leaders begin to be looked upon as comic characters.

New Jersey.

New York, Nov. 4.

Ludlow's majority over Potts, for Governor of New Jersey, appears to be about 600. The majority for the Democratic Electoral ticket will be about 2,000.

Virginia Perhaps Republican.

Washington, Nov. 5.

Later returns from Virginia show that the contest between the Republican and regular Democratic Electoral tickets is very close, and some hopes are entertained that Garfield may come in ahead when the whole State has been heard from. A gentleman here received the following dispatch this afternoon from Edmund Burke, U. S. District Attorney for Virginia: "Virginia is in doubt; half the State gives only 4,000 Democratic majority, and strong Republican counties are to be heard from. The Democrats are inclined to concede the State."

An Action For Divorce.

New York, Nov. 5.

The *Sun* says: Winchester Britton, ex-District Attorney of Kings county, has been retained to bring an action for divorce by Mrs. Kate Chase Sprague against ex-Governor Sprague. He will have the papers ready for service in a few days. Britton, on his visit to Providence last week named replevin papers for a piano and a portion of Mrs. Sprague's wardrobe, and placed them in the hands of the Sheriff to serve. He has since learned that they have been served.

The Democratic Scape-goat.

New York, Nov. 5.

John Kelly is receiving all the kicks and abuse. The *Sun* this morning says: From ditch to ditch, deeper and deeper into the mire, John Kelly leads the Democratic party. The possession and retention of the office of Comptroller of New York by John Kelly has lost to the Democracy control of the Government of the United States for the next four years.

What English Says.

Indianapolis, Nov. 5.

In an interview with W. H. English this morning he talked freely about the late election and its results. He thinks Indiana has held up remarkably well considering the defeat in October, and that they have not had a majority in the State since '72 and then less than 1,200 for Hendricks for Governor. Personally he feels no chargin at the result.

The New York "Times" on Fair and Sharon.

New York, Nov. 5.

Regarding Fair and Sharon, the *Times* says: So far as men are concerned, the Senate of the United States will not gain or lose by the exchange of Senators in the new Senate. The habitual absentee has incidentally done his best to destroy the Republican majority in the little State which, by a great stretch of courtesy, is called his own.

General Sherman's Retirement.

Washington, Nov. 5.

The story of General Sherman's intended retirement causes great amusement in army circles. General Sherman has now nothing to do but to amuse himself as he pleases, running about the country at the Government expense during the summer and dancing attendance upon pretty girls in Washington during winter. He has the best place under the Government.

Minnesota's Complete Count.

St. Paul, Nov. 5.

The first count of the vote by counties is just completed. Garfield's majority is about 40,000. The majorities in the Congressional Districts are: 9,000 in the First, 5,000 in the Second, and 8,000 in the Third. The Legislature stands: Senate—Republicans, 35; Democrats, 10. House—Republicans, 85; Democrats, 15; Greenbackers, 10.

The Nevada Elections.

Carson, Nov. 5.

The loss of Nevada is on all sides ascribed by the Republicans to the work of Sharon.

Virginia, Nov. 5.

The counting here still goes slowly on. So far Hancock has about 350 majority. The State goes about 600 Democratic majority.

Latest From California.

San Francisco, Nov. 6.—P. M.

The latest returns from the State give Hancock 90 majority. There are a few small precincts yet to hear from It will require the official count to decide the result in the State, but the Republicans will get one Elector, as Judge Terry is known to be scratched several hundred.

The Republicans appear to have elected forty Assemblymen, giving them a good majority on joint ballot.

Mayor Kalloch Arrested.

San Francisco, Nov. 6.

Mayor Kalloch was arrested to-day by virtue of the recent action of the Grand Jury.

Can't Do Without His Trunk.

Conductor Bethel informs the *Silver State* that a man, whose name he could not learn, is now east of Elko, on his way west, with a large trunk and a big box. He says the fellow carries the trunk about a quarter of a mile at a time, and then goes back and gets the box. In this way he travels over the road three times, and has made the trip from Omaha west this summer. What object, if any, the idiot has in carrying the trunk, which is said to contain nothing but old clothes, has not been ascertained.

Fred B, a Hon

Says the *Times:* On Wednesday last O. P. Keyes shipped his fast trotting team, Brushy John and Fred B, to New York City, consigned to that veteran horseman Dan Mace. New Yorkers will remember the extensive stables of Mace on Seventh avenue, and there the team will be cared for during the winter, with daily exercise in the park and boulevards, preparatory to astonishing the trotting world next season. Fred B is the fastest trotter ever brought into Nevada and has made, for a green trotter, some unparalleled bursts of speed. On one occasion he trotted a quarter-mile at a 2:07 gait. Large offers have recently been made for him and refused, as his owner believes he is the coming trotter of America.

The Vote of Lyon County.

Following are the returns from Lyon county:

Presidential—Garfield, 355; Hancock, 295.

Congress—Daggett R., 352; Cassidy D., 295.

Supreme Judge—Beatty R., 336; Belknap D., 310.

State Senator—Mack R., 279; Westerfield D., 363.

Legislative—Likens R., 268; Gignoux D., 365; Noyes R., 303; Fallow D., 338; Crowningshield R., 315; Corbett D., 336.

Who will Answer This?

Says the Carson *Times*: "The late George Martin, who died in Reno of small pox, undoubtedly lost his life through want of proper care. He was attended by Dr. Bergman, and when he had been sick four days and the disease had fairly broken out, was moved from his room in the night time to the County Hospital, a distance of a mile and a half, and even after that it is said to have been sadly neglected."

Wm. Tell Sold.

The Greenville *Bulletin* says that C H. Lawrence is now the owner of the celebrated trotter, Wm. Tell, having bought him of J. H. Maxwell last week for the consideration of $1,000.

TALK IS CHEAP,

And So Are FINE Clothing, BOOTS, SHOES, HATS,

Gentlemen's AND BOYS FINE FURNISHING GOODS.

If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

MIDDLE-AGED MEN.

On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
